Perspectives in Psychiatric Care

Index to Volume III, Numbers 1-7, 1965
SUBJECT INDEX

ADMISSION PRACTICES

Admission of a patient to a psychiatric hospital: a dynamic nursing approach (Murphy), **6**, 19

Experience with group orientation sessions (Crisham, Danielsen), **2**, 34

Introducing the newcomer — the patient and the staff nurse — to a psychiatric hospital (Atty), **2**, 25

ADOLESCENTS

Community health view of mentally ill and mentally restored patients (abstracts of papers presented at 1964 American Public Health Association meeting), **1**, 9

Lindemann's crisis theory and Dabrowski's positive disintegration theory — a comparative analysis (Harrison), **6**, 8

Nurse participation in family therapy (Walri), **5**, 8

AIDES

Some personality characteristics of male psychiatric nursing assistants in one facility (Ferrari), **5**, 38

AMERICAN PUBLIC HEALTH ASSOCIATION·MEETING

Community health view of mentally ill and mentally restored patients (abstracts of papers presented at 1964 American Public Health Association meeting), **1**, 9

ANXIETY

Disturbed communication of a schizophrenic patient: an approach to a clinical nursing problem (Arteberry), **5**, 24

Reducing the schizophrenic patient's resistance to involvement (Wildman), **3**, 26

ATTITUDES

Experience in psychiatric nursing (Laws) **3**, 22

Influence of sociocultural factors on the mentally ill patient (Backscheider), **3**, 12

Nursing students' perceptions of the psychiatric nursing experience (Fox, others) **6**, 30

Patient faces his illness (Jaspers), **1**, 24

Student's reaction to psychiatric nursing (Smalley), **6**, 24

AUDIO-VISUAL MATERIALS

91st day — a challenge to professional nursing (film rev.), **2**, 20

Selective audio-visual instruction for mentally retarded pupils (Goldstein) (bk. rev.), **2**, 44

BEHAVIOR PATTERNS

Admission of a patient to a psychiatric hospital: a dynamic nursing approach (Murphy), **6**, 19

Caring for a married couple on the same unit (Seeger, Finn), **5**, 14

Disturbed communication of a schizophrenic patient: an approach to a clinical nursing problem (Arteberry), **5**, 24

Influence of sociocultural factors on the mentally ill patient (Backscheider), **3**, 12

Nurse participation in family therapy (Walri), **5**, 8

Patient faces his illness (Jaspers), **1**, 24

Pupil size as a guide in nurse-patient interaction (Rubin), **5**, 22
Reducing the schizophrenic patient's resistance to involvement (Wildman), **3**, 26
Student's reaction to psychiatric nursing (Smalley), **6**, 24
Therapeutic nursing intervention following derogation of the nurse by the patient (Stringer), **4**, 36
Use of speech as a security operation (Jones), **3**, 18
CHRONIC ILLNESS *See* LONG-TERM PATIENTS
COMMUNICATION
Disturbed communication of a schizophrenic patient: an approach to a clinical nursing problem (Arteberry), **5**, 24
Hospital ward: an exciting therapeutic setting (Hubbard) **7**, 8
Use of speech as a security operation (Jones), **3**, 18
COMMUNITY NURSING *See also* COMMUNITY PROGRAMS
Psychiatric nurse's experience in community nursing (Eller), **6**, 14
COMMUNITY PROGRAMS
Community health view of mentally ill and mentally restored patients (abstracts of papers presented at 1964 American Public Health meeting), **1**, 9
Halfway house: a group living experience in psychiatric rehabilitation (Barrett), **7**, 29
CRISIS THEORY
Lindemann's crisis theory and Dabrowski's positive disintegration theory — a comparative analysis (Harrison), **6**, 8
DABROWSKI, KAZIMIERZ
Lindemann's crisis theory and Dabrowski's positive disintegration theory — a comparative analysis (Harrison), **6**, 8
DEPRESSION
Bridge to the mainland (Bodie), **4**, 8
DEROGATION
Therapeutic nursing intervention following derogation of the nurse by the patient (Stringer), **4**, 36
DISTANCE MANEUVERS
Use of speech as a security operation (Jones), **3**, 18
EDUCATION *See also* INSERVICE EDUCATION
Bridge to the mainland (Bodie), **4**, 8
Experience in psychiatric nursing (Laws), **3**, 22
Handbook for psychiatric nurses (Bailliere, Tindall, Cox; ed., Acknar) (bk. rev.), **3**, 46
History of nursing therapy: a reactionnaire to the work of June Mellow (Colliton), **2**, 10
Instruments for study of nurse-patient interaction (Manaser and Werner) (bk. rev.), **2**, 8
McLean to discontinue diploma program, **6**, 41
Nursing students' perceptions of the psychiatric nursing experience (Fox, others), **6**, 30
Psychiatric nurse's experience in community nursing (Eller),**6**, 14
Psychiatric nursing (Noyes, Camp, Van Sickel (bk. rev.), **5**, 42
Student's reaction to psychiatric nursing (Smalley), **6**, 24
ELECTROCONVULSIVE THERAPY
Bridge to the mainland (Bodie), **4**, 8
FAMILY

Caring for a married couple on the same unit (Seeger, Finn), **5**, 14
Influence of sociocultural factors on the mentally ill patient (Backscheider), **3**, 12
Mental retardation: a family crisis — the therapeutic role of the physician (Group for the Advancement of Psychiatry) (bk. rev.), **3**, 45
Nurse participation in family therapy (Walri), **5**, 8
Psychiatric nurse's experience in community nursing (Eller), **6**, 14
Social psychiatry in the community, in hospitals, and in prisons (Jones) (bk. rev.), **1**, 40

FOREIGN COUNTRIES
Community health view of mentally ill and mentally restored patients (abstracts of papers presented at 1964 American Public Health Association meeting), **1**, 9

GERIATRIC PATIENTS
Community health view of mentally ill and mentally restored patients (abstracts of papers presented at 1964 American Public Health Association meeting), **1**, 9

GRIEF
Lindemann's crisis theory and Dabrowski's positive disintegration theory — a comparative analysis (Harrison), **6**, 8

GROUP ACTIVITIES
Experience with group orientation sessions (Crisham, Danielsen), **2**, 34
Halfway house: a group living experience in psychiatric rehabilitation (Barrett), **7**, 29
Hospital ward: an exciting therapeutic setting (Hubbard), **7**, 8
Nurse participation in family therapy (Walri), **5**, 8
Organization of a patient council (Robitaille), **3**, 23

HALFWAY HOUSES
Halfway house: a group living experience in psychiatric rehabilitation (Barrett), **7**, 29

HISTORY
History of nursing therapy: a reactionnaire to the work of June Mellow (Colliton), **2**, 10

HOSPITALS
Chastise me with scorpions (Rhodes and Freeman) (bk. rev.), **2**, 9
Hospital ward: an exciting, therapeutic setting (Hubbard), **7**, 8
How great is that darkness (Kurdi) (bk. rev.), **2**, 42
91st day — a challenge to professional nursing (film rev.), **2**, 20
Social psychiatry in the community, in hospitals, and in prisons (Jones) (bk. rev.), **1**, 40

INSERVICE EDUCATION
Introducing the newcomer — the patient and the staff nurse — to a psychiatric hospital (Atty), **2**, 25

INTERVIEW
Content in the initial therapist-patient interview (Rector), **3**, 33
Pupil size as a guide in nurse-patient interaction (Rubin), **5**, 22

LINDEMANN, ERIC
Lindemann's crisis theory and Dabrowski's positive disintegration theory — a comparative analysis (Harrison), **6**, 8

LONG-TERM PATIENTS
Community health view of mentally ill and mentally restored patients (abstracts of papers presented at 1964 American Public Health Association meeting), **1**, 9

Halfway house: a group living experience in psychiatric rehabilitation (Barrett), **7**, 29
91st day — a challenge to professional nursing (film rev.), **2**, 20
Patient faces his illness (Jaspers), **1**, 24
MELLOW, JUNE
History of nursing therapy: a reactionnaire to the work of June Mellow (Colliton), **2**, 10
MENTAL RETARDATION
Mental retardation: a family crisis — the therapeutic role of the physician (Group for the Advancement of Psychiatry) (bk. rev.), **3**, 45
Selective audio-visual instruction for mentally retarded pupils (Goldstein) (bk. rev.), **2**, 44
NURSE-PATIENT RELATIONSHIPS
Bridge to the mainland (Bodie), **4**, 8
Development of trust (Melat), **4**, 28
Disturbed communication of a schizophrenic patient: an approach to a clinical nursing problem (Arteberry), **5**, 24
Helping a patient learn to trust (Stastny), **7**, 16
History of nursing therapy: a reactionnaire to the work of June Mellow (Colliton), **2**, 10
Hospital ward: an exciting therapeutic setting (Hubbard), **7**, 8
Reducing the schizophrenic patient's resistance to involvement (Wildman), **3**, 26
Therapeutic nursing intervention following derogation of the nurse by the patient (Stringer), **4**, 36
NURSE-PHYSICIAN RELATIONSHIPS
Letters (Norris, Bowman), **3**, 8, 11
PATIENT-NURSE RELATIONSHIPS *See* NURSE-PATIENT RELATIONSHIPS
PERSONALITY DEVELOPMENT THEORIES
Lindemann's crisis theory and Dabrowski's positive disintegration theory — a comparative analysis (Harrison), **6**, 8
POEM
Untitled (Murray), **3**, 32
POSITIVE DISINTEGRATION THEORY
Lindemann's crisis theory and Dabrowski's positive disintegration theory — a comparative analysis (Harrison), **6**, 8
PRISONS
Community health view of mentally ill and mentally restored patients (abstracts of papers presented at 1964 American Public Health Association meeting), **1**, 9
PROJECTIVE TECHNIQUES
Theory and research in projective techniques (Murstein) (bk. rev.), **2**, 45
PUBLIC HEALTH NURSES
Community health view of mentally ill and mentally restored patients (abstracts of papers presented at 1964 American Public Health Association meeting), **1**, 9
Influence of sociocultural factors on the mentally ill patient (Backscheider), **3**, 12
REHABILITATION
Halfway house: a group living experience in psychiatric rehabilitation (Barrett), **7**, 29
RELATIONSHIPS *See* NURSE-PATIENT RELATIONSHIPS, *See* NURSE-PHYSICIAN RELATIONSHIPS
ROLES
Experience in psychiatric nursing (Laws), **3**, 22

Hospital ward: an exciting therapeutic setting (Hubbard), **7**, 8
New nurse: her role and relations (Alexander), **7**, 37
Nurse participation in family therapy (Walri), **5**, 8
Psychiatric nurse's experience in community nursing (Eller), **6**, 14
SCHIZOPHRENIA
Caring for a married couple on the same unit (Seeger, Finn), **5**, 14
Development of trust (Melat), **4**, 28
Disturbed communication of a schizophrenic patient: an approach to a clinical nursing problem (Arteberry), **5**, 24
History of nursing therapy: a reactionnaire to the work of June Mellow (Colliton), **2**, 10
Reducing the schizophrenic patient's resistance to involvement (Wildman), **3**, 26
SOCIOCULTURAL ASPECTS
Influence of sociocultural factors on the mentally ill patient (Backscheider), **3**, 12
Social approaches to mental patient care (Schwartz and Schwartz), (bk. rev.), **1**, 43
Social psychiatry in the community, in hospitals, and in prisons (Jones) (bk. rev.), **1**, 40
STUDENTS *See* EDUCATION
SUBCONSCIOUS
Wisdom of your subconscious mind (Williams) (bk. rev.), **2**, 44
THERAPEUTIC TECHNIQUES
Hospital ward: an exciting therapeutic setting (Hubbard), **7**, 8
Instruments for study of nurse-patient interaction (Manaser and Werner) (bk. rev.), **2**, 8
Reducing the schizophrenic patient's resistance to involvement (Wildman), **3**, 26
Therapeutic nursing intervention following derogation of the nurse by the patient (Stringer), **4**, 36
Use of speech as a security operation (Jones), **3**, 18
